TC2026 Web Applications Development
Lab #3

Look at the following webpage:

Your job is to create a webpage identical to the one shown in the image (please remember to use good practices to receive all possible points).

1. Write your name and student ID in any document you develop.

2. No image is provided. Please use images with similar content.

3. No color code is provided. Please use similar colors.

4. No font is provided. Please use similar fonts.

5. Webpage height must be 100%.

6. Webpage width must be 95%. The remaining 5% must be divided by 2 and added to the right and left.

7. Any header, ul, nav, li, a; must use the box model: border-box. The remaining elements must use the box model: content-box.

8. Use a grid developed by you.

9. The logo must have a width of 70% and it must float to the left.

10. Change the style of any button whenever a mouse is hover in it.
